Chunji and In Mu barely managed to destabilize the two catwomen. This attack might be a sign that powerful enemies are after the Jade of Bango. They will probably try to go after them again at In Mu's and Chunji's school.

I'm under the impression you came especially for me. How about we continue this indoors?
We can't.
How come?
This house is under the influence of a defense shield... So I can't follow you.

But that hardly matters, since I'm here to take you with me, Saint of the Jade of Bango.

Thank you for enlightening me on the matter!

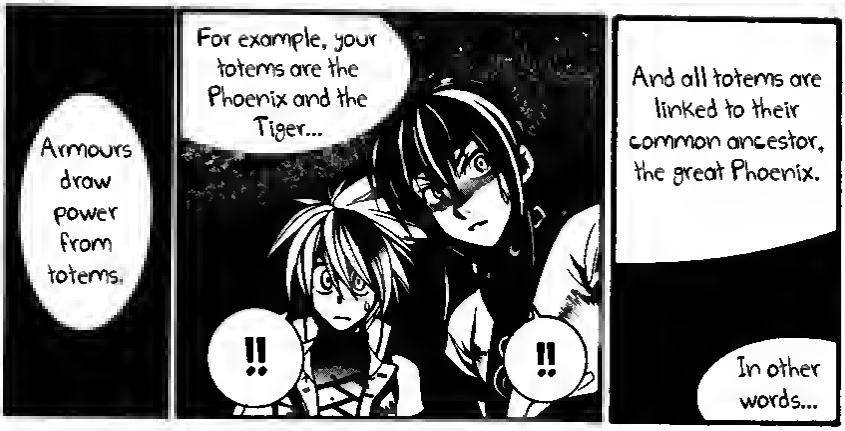
Eh eh eh eh eh!
Ha ha ha hu ha!!
I'm dying here!
So cute...
Oh, you cuties are just too much!
Your armours can't work here!
HEHEHE
What, mine too?!
RHAA
What have you done this time?



Armours draw power from totems.
For example, your totems are the Phoenix and the Tiger...
!!
!!
And all totems are linked to their common ancestor, the great Phoenix.
In other words...

Blocking the power of the great Phoenix at the source is enough to render your armours useless.

Try to guess the function of this earth prison...
It's to form an Arcanum with the sole purpose of blocking the aura of the great Phoenix.

As long as you remain trapped here...
You will be deprived of all your powers.
Which means you're just as powerless as any human, though you might be fitter than most...
You're just like any teen your age.
Shit... She planned everything from the start...
She didn't leave anything to chance...
Let me tell you one last thing before I kill you! Consider it my farewell gift!!
KYAH
You see, I have an older sister called Chungi

Chungi and the Saint of the Jade of Bango must already be on their way as we speak.
But have no fear... You'll meet her soon enough...
Once I've killed you, that is...!
WOO

Beating weaklings isn't exactly my definition of fun...
So I'll just leave you cuties to my pets. Have fun.

Well, I was going to mention it at some point.
But let's go home first.

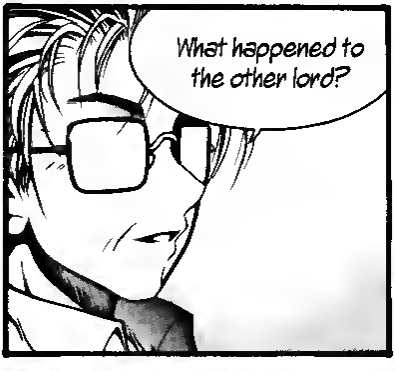
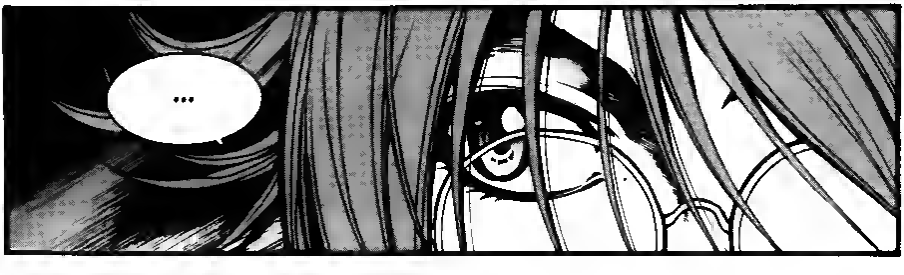
Be patient. I'll try to straighten your hair.
HOP HOP!
GRR

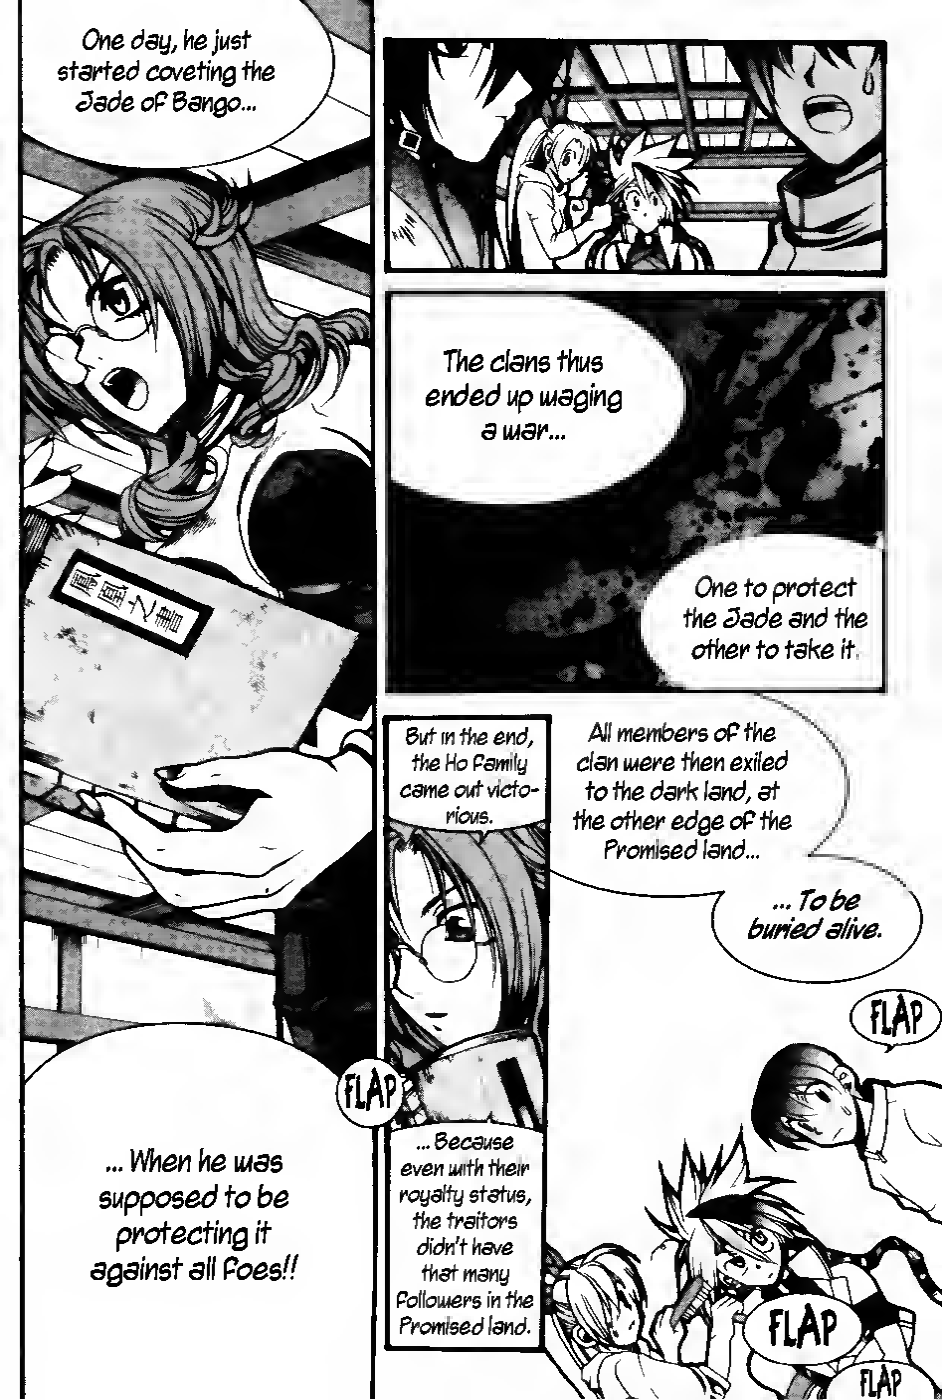
Let's just call it a history book for now!
BOOK OF THE GREAT PHOENIX
It recounts all events to have shaped the Promised Land from its beginnings to this very day.
Saving all this on a CD would have been more practical...
Obviously, but an old codex looks much more authentic!
Let's start with the beginning...
First of all, you must understand how the Promised Land functions.
Meaning?
Our city was created to protect the Jade of Bango...
In other words, our mission is to watch over the Saint...

The Promised Land is currently placed under the Holy Mother's authority...
But it's really lord Ho who holds all the power.
And as you all know...
Lord Ho is none other than Chunji's father.
WAOOH!
I assure you, it's a pain in the neck more than anything.
If only you knew!
A few centuries ago...
Two clans shared control over the Promised Land!
Even though the Ho Family has ruled the city for a long time...
...Things weren't always this way.





He committed high treason.



One day, he just started coveting the Jade of Bango...
The clans thus ended up waging a war...
One to protect the Jade and the other to take it.
But in the end, the Ho family came out victorious.
All members of the clan were then exiled to the dark land, at the other edge of the Promised land...
... To be buried alive.
FLAP
... Because even with their royalty status, the traitors didn't have that many followers in the Promised land.
FLAP
FLAP
FLAP
... When he was supposed to be protecting it against all foes!!

So what does any of this have to do with our current situation?
So far it's been the official version written in the book.
CLAD
And now I'm going to reveal something to you known only by a handful of select individuals.
It was a few decades ago, before any of us were born.
Our people were sent as administrators to the Dark Land. Then, one faithful night, they were attacked,
And were all massacred...

Massa-cred?
Sadly, yes... All they could do was receive the last testimony of a wounded.
And this is what he said before dra-wing his last breath...
"Those who attacked us were neither humans nor demons!"
Those were his last words...
Neither humans...
Nor demons...

Exactly like the creatures from a moment ago!!
We never knew if that tragedy had something to do with the traitors...
But our leaders keep investigating
...

Daddy will be your only rightful husband. Never forget that, Lin.
...

Both of you are too handsome!
MWA HA HA

Take care, boys.
Don't forget you're entering high school for the first time in your life.
And don't forget your mission. Your absolute priority is to protect Lin!
No recklessness, ok...?
Hey, In! Don't forget your backpack!!
Hey, Chunji, did you take your lunch?
Get off our backs already!
...
Well I'll be... guess what, Hoan?

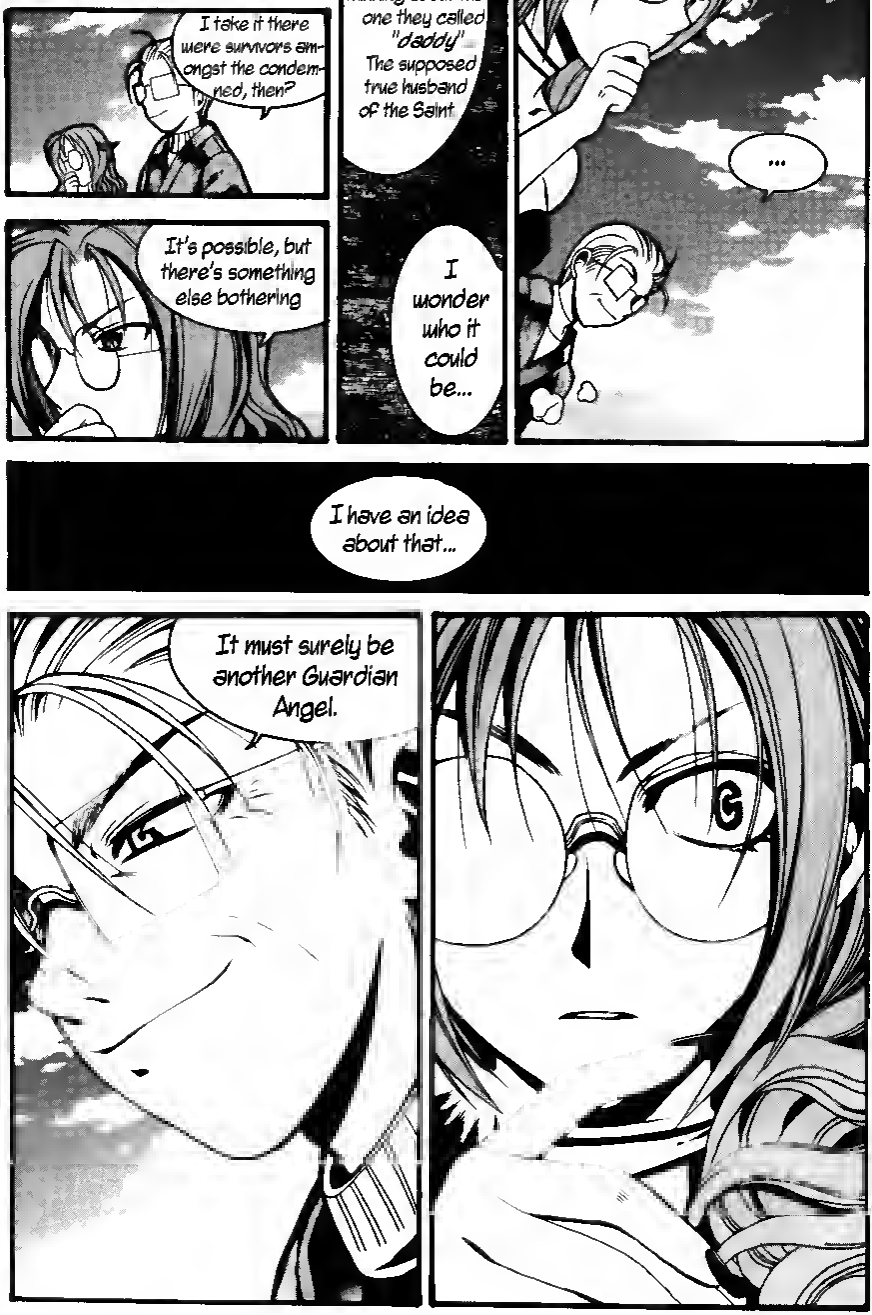
GRR
GRR
Got your lunch?
Why, sure!
See you later!

Honey! Don't run on the walls!!
??
MEWE
...
I have a bad feeling about this...
Looks like I'm not the only one, then.
Say, Hoan...
About what happened last night...
...
Did it have something to do with the ones who got buried in the Dark Land?
UnFortunately, yes...
Hmm! So it's as I feared...
The arcane that can block the aura of the Phoenix is something reserved for the elite... Its secrets are known only to the Holy Mother and a select few.
So it can only be them...



I take it there were survivors amongst the condemned, then?
It's possible, but there's something else bothering
I can't stop thinking about the one they called "daddy"... The supposed true husband of the Saint
I wonder who it could be...
...
I have an idea about that...
It must surely be another Guardian Angel.

Another guardian angel...?!

I'm very happy to welcome you among us.
HE

My name is Kim Yeon Ho, your home-room teacher.
